

Art & Photography Curriculum Intent

SKILLS & CHARACTERISTICS

Resilience

Experimenting with a variety of materials to refine your idea. Knowing that making mistakes is how we learn and is necessary to be successful.

Collaboration

Engage with debates on contemporary issues and respond in a creative way.

Creativity

Explore themes you feel passionately about, showing your individuality through sculpture, photography, drawing and painting.

POSITIVE RELATIONSHIPS

All students know that school works for them and in their interests

Careers (CEIAG)

Work with practicing artists to find out what it is like to embark on a creative career in your local area and beyond.

Enrichment

Exhibit your work in an art gallery or around school to inspire others. Take part in an art competition, Big Draw or sign up for a Photo Challenge.

Cultural Capital

Research a theme and plan your own 'personal response', this could include work inspired by the local area, sport, mental wellbeing or the power of music.
