

# SANDHILL VIEW

ASPIRE · ACHIEVE · ENJOY

5<sup>th</sup> March 2020

Dear Parent/Carer,

Although there have been no confirmed cases in our location, I'm sure you are aware that the number of cases of Coronavirus in the UK has risen recently.

We would like to reassure all parents and carers that we are carefully following all government advice. We are also working closely with our site managers to run additional 'deep cleaning' procedures.

NHS advice to reduce any spread is:

- wash your hands with soap and water often, for at least 20 seconds
- always wash your hands when you get home or into school/work
- use hand sanitiser gel if soap and water are not available
- cover your mouth and nose with a tissue (not your hands) when you cough or sneeze
- put used tissues in the bin straight away and wash your hands afterwards

Don't:

- touch your eyes, nose or mouth if your hands are not clean

All classrooms are equipped with tissues and hand gel. Our students are being encouraged to wash their hands regularly and especially before they eat.

Please ensure your child is aware of the importance of these safety measures and that they have tissues in their pockets at all times.

Thank you for your support.

Yours sincerely,

Mrs J Maw  
Headteacher
