

History competition

A time capsule is a container storing a selection of objects that are typical of that period in time.

You should create a **time capsule** from the **year you were born**. Within it you should contain 5 artefacts (images of them) or material which would show people of the future what life was like.

You could include:

- How people communicated
- What they did for fun
- Key local or world events
- Favourite food
- Music- what was number 1 on the day you were born?
- World leaders etc.

Create a
time
capsule!

Why have these
been included?

What do they
show about life?

- This is a time capsule from WWI.
- What have they included and why?
