guide

welcome to #gbfuturestars'21

A word from our CEO...

We support early talent by using technology to level the playing field, raising aspirations and helping close the attainment gap for young people.

This has been a challenging year but we believe you are the golden generation! Well done for continuing to learn and connecting to opportunities with Future Stars. Enjoy the event!

From the team...

We really hope you enjoy the event. Future Stars was made for you because we believe given the current climate of COVID-19 and the uncertainty students are currently facing, it is even more important to provide access to careers and education opportunities advice.

For the third year running we are delighted to bring students immense value from our partners, with opportunities to interact with industry and HE experts, access resources, get hands on digital activities and exciting on demand video content.

how to register

registering and joining the event is really easy!

1. To join on a smartphone, simply scan the QR code on on this page
2. To join on a computer go to <http://bit.ly/gbfs2021>

Complete the details, click 'register' and hit 'join event'

That's it!

curriculum map? we've got you covered!

STEM

SIEMENS

Start at our keynote booth. Watch the video from Steph McGovern and hear how she started her career in STEM before changing to the media.

You should check out the other Keynote vids while you're here!

Head over to the Siemens booth. Test your Physics and Maths skills in their design a rollercoaster online challenge.

Check out the Digital See Me resource to find out about STEM careers.

Try the Smart Buildings activity to see if you can protect customers from COVID-19.

Finish at the UCL booth and check out some of their Maths dept. problem solving videos. Are you up the challenge?

Next go to GSK. Watch the globalbridge video to find out more about GSK.

Test your reactions in the GSK reaction game – what level can you get to?

Take the careers quiz to see which STEM careers you are suited to.

Fancy yourself as a real-life CSI? Check out the fingerprint analysis activity in Hospital Heist! It's in the University of Southampton booth.

curriculum map? we've got you covered!

ARTS

Start at our keynote booth. Watch the video from Steph McGovern where she talks about her career in the media.

Check out Action Jackson's video too for some real inspiration!

Next stop is UKMUSIC's booth – they have loads of activities and information about studying arts-based courses at the top institutions.

Make sure you check out their BCU video to see some examples of work produced by final year students, and be sure to take their 'what career is right for you' quiz too!!

Finish by clicking on the resources page in the lobby. Check out the resources from Digital Theatre – loads to help you find out more about careers in the creative sector.

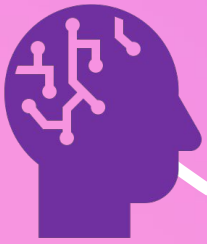

Next, let's change it up. Head to the London Interdisciplinary School booth and listen to their awesome podcast 'social media as a news outlet, its role in activism, cancel culture and more'.

Next head to the University of Southampton. Have a go at some of their Virtual Arcade games, all produced by game design and art students. Could you do this?

If you're looking at Further Education, check out the Newcastle College booth – there's some great information about Art, Design and Creative courses.

curriculum map? we've got you covered!

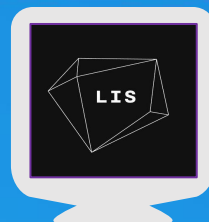

PROGRESSION

Start at our keynote booth. Watch the videos from Steph McGovern where she talks about her career in the media.

Check out the videos from Action Jackson and Vicky Gosling too for some real inspiration for your next steps!

Next stop is the QA booth. Check out their Future Proof Careers podcast and their Choose Your First Career Podcast – really great information to help you make your future decisions!

Last stop is the PiXL booth. Hear from CEO Rachel Johnson who is talking about what you can achieve with a positive mindset!

Head to the Army's booth (even if you don't think a career in the forces is for you). Watch their great video about having the courage to fail – a fantastic message for everyone planning their future!

Stop by the Southampton, Solent, UCL, LIS and Newcastle College booths – there's loads of info about applying to Further and Higher Education and the courses available to you.

curriculum map? we've got you covered!

PSHE

Start at our keynote booth. Watch the inspiring videos from Steph McGovern, Action Jackson and Vicky Gosling – you will learn a lot from their personal journeys!

Next stop is the QA booth. Check out their Healthy Minds podcast – really great information to help you make your future decisions! Also check out their videos on applications and interview tips.

Last stop is the PiXL booth. Hear from CEO Rachel Johnson who is talking about what you can achieve with a positive mindset!

Head to the Army's booth (even if you don't think a career in the forces is for you). Watch their great video about having the courage to fail – a fantastic message for everyone planning their future!

Ready for a challenge? Head to the UCL booth and have a go at some of their Maths problem solving videos.

Do you have what it takes?!?

curriculum map? we've got you covered!

BUSINESS/ ECONOMICS

Start at our keynote booth. Watch the inspiring videos from Steph McGovern, Action Jackson and Vicky Gosling – you will learn a lot from their personal journeys!

Time to test your skills...

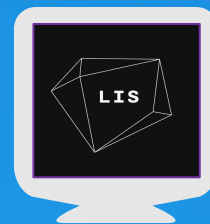

Head to the MAKO booth and have a go at their Python and Trading activities. Have you got what it takes to be a successful City Trader?

Is finance your thing? Stop by the resources page in the lobby and sign up for the FREE Sage Intro to accounting course. Get hands on experience with actual Sage software – a great experience of the world of work!

This might seem like a strange one, but head to the Army's booth next. Watch their great video about having the courage to fail – a fantastic message for all budding entrepreneurs!

Stop by the Southampton, Solent, UCL, LIS and Newcastle College booths – there's loads of info about applying to Further and Higher Education related to the Business sector. Find out what is right for you by speaking to their representatives on the chat boxes!
