

SUBJECT: PE

UNIT: Year 8 Badminton

Key skills

Serving- There are several types of serve. Short/backhand, long and flick. The racket head must start from below the waist.

Underarm clear (long serve) - This shot is played high to the back of your opponent's court. Start sideways on and use a whip action with the wrist to create power.

Overhead clear- Played to the back of your opponent's court and is a defensive shot.

Drop shot- a shot played with finesse to land the shuttle as close as possible to the net on your opponent's side.

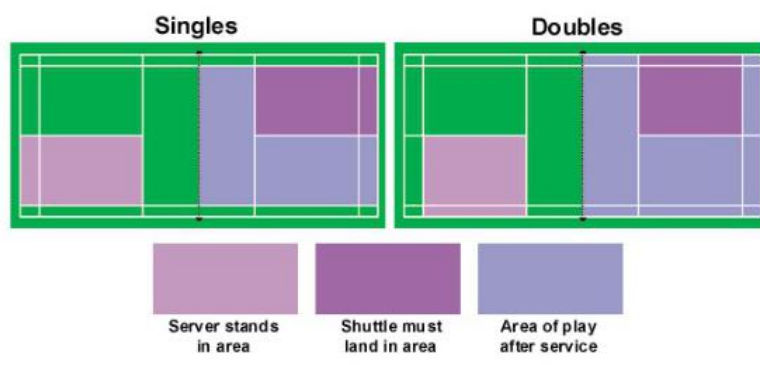

Smash/jump smash shot- This is the main attacking shot in badminton. It is an overhead shot, hit in front of the body. The aim is to get the shuttle down on the floor at a sharp angle. The wrist needs to "snap" to get it down. Jumping to hit the shot gives it more power.

Badminton doubles Player position

Badminton court markings

Tactics

Hitting into space- moving your opponent around the court

Shot selection- selecting the right shot for the right situation

Targeting your opponent's weakness- look out for areas of weakness in their play

Disguised shots- Trying to make it look like you are going to play a particular shot but then play a different shot to fool an opponent

Doubles play- role of players in doubles. Front/back formations or side to side

Components of fitness used in Badminton

Agility- The ability to change direction quickly

Reaction time- The amount of time it takes to react to a stimulus (shuttle)

Coordination- Hand eye coordination (to hit the shuttle)
