### The A-Z of apprenticeships

This document contains a list of all the apprenticeships that are ready for delivery and those that are currently in development.

Apprenticeships that are ready for delivery can be started now, those in development will be available in the future. For further information, please visit the Institute for Apprenticeships and Technical Education:

### What's a Level?

Apprenticeships start from an intermediate Level 2 (equivalent to four/five GCSEs at A\* to C / 9-4), right up to Levels 6 and 7 (equivalent to a degree). Degree apprenticeships allow the apprentice to work towards a degree as part of the apprenticeship itself. Each level typically has different entry requirements, depending on the employer, so you can see which one is best for you.
